*Assets for mid cap value strategy, including wrap-fee, sma/uma, institutional, sub-advised and mutual funds.

PERFORMANCE DISCLOSURES

Definition of the Firm Dreman Asset Management (“DAM”) is a division of Dreman Value Management, L.L.C. (“Dreman”), an independent investment management firm and registered investment adviser established on July 1, 1997. DAM participates in a number of wrap-fee SMA/UMA sponsor programs with several large financial institutions. These institutions provide separately managed account services to their clients.

From January 1, 2004 through June 30, 2009, historical Mid Cap Value Wrap-fee SMA/UMA performance reported is based on the Dreman Contrarian Mid Cap Value Fund, which served as the model for Dreman Mid Cap Value Wrap-fee SMA/UMA accounts. The Dreman Contrarian Mid Cap Value Fund was inceptioned and created in January 2004. As of July 1, 2009, performance is based on the DAM Mid Cap Value Wrap-fee Model account.

DAM maintains a complete list of products and descriptions for strategies which is available upon request.

Valuation Valuations are computed and performance is reported in U.S. Dollars.

Benchmark The Mid Cap Value Wrap-fee Model Account’s primary benchmark is the Russell Midcap® Value Index. The Russell Midcap® Value Index measures the performance of the mid-cap value segment of the U.S. equity universe. It includes those Russell Midcap Index companies with lower price-to-book ratios and lower forecasted growth values. The Russell Midcap® Value Index is constructed to provide a comprehensive and unbiased barometer of the mid-cap value market. The Index is completely reconstituted annually to ensure larger stocks do not distort the performance and characteristics of the true mid-cap value market. The market index used herein has been included for purposes of comparison of an investment in the relevant strategy to an investment in a certain well-known, broad-based equity benchmark. The statistical data regarding such index has been obtained from FactSet and returns are calculated assuming all dividends and income are reinvested. The volatility of this index may be materially different from that of funds and accounts of DAM. This index is unmanaged, with no fees, expenses or taxes. It is not possible to invest directly in an unmanaged index; however, an individual can invest in exchange traded funds or other investment vehicles that attempt to track the performance of an unmanaged index.

Fees Returns are presented gross and net of management fees and include the reinvestment of all dividends and income. Gross-of-fees performance returns are presented before management and custodial fees but after all trading expenses. Returns are presented net of non-reclaimable withholding taxes. Net-of-fees performance returns are calculated by deducting the highest wrap sponsor’s bundled fee of 0.75 per quarter from the quarterly gross representative account return. Please refer to Dreman’s Form ADV Part 2A for all SMA/UMA wrap-fee fee schedules. *Actual investment advisory fees incurred by clients may vary.*

Minimum Account Size The minimum account size for our Wrap-Fee SMA/UMA sponsors is \$100,000 USD/\$30,000 USD. The firm has full discretion over all of the client accounts that participate in the SMA wrap programs that the firm is engaged to provide investment advisory services to.

Past performance does not guarantee future results, and periodically, current performance may be lower or higher than the performance data quoted. There is no assurance that any securities discussed herein remain in any fund or account of DAM at the time that you receive this or that securities sold have not been repurchased. All investments involve risk including the potential loss of all principal invested. The investment return and principal value of an account will fluctuate so that a client’s account may be worth more or less than its original value. Actual account performance may differ due to; among other things, the timing of investments and withdrawals, individual account restrictions and limitations and differing tax treatment. To obtain the most recent month-end performance, please contact us at rfi@dreman.com or 1.877.830.6004.
